[Salon Art + Design](#) announces a line-up of 52 exceptional exhibitors for its 11th edition, welcoming international galleries back into the fold to present the world's leading design – vintage, modern and contemporary – and blue-chip 20th century art. The leading collectible design and art fair produced by Sanford L. Smith + Associates returns to the Park Avenue

For more than a decade, Salon Art + Design has evolved into the choice platform for exhibiting, experience, collecting and discussing design and art. A high point of New York's Fall calendar, the fair continues to captivate audiences all around with a robust international exhibitor list. Included are also special exhibitions and the return of in-person programming that involves exclusive talks and panel discussions. Produced by Sanford L. Smith + Associates, the fair presents vintage, modern and contemporary designs, with dedication to integrate also fine and decorative art.

MATERIAL NEVER SEEN BEFORE IS SET TO BE REVEALED

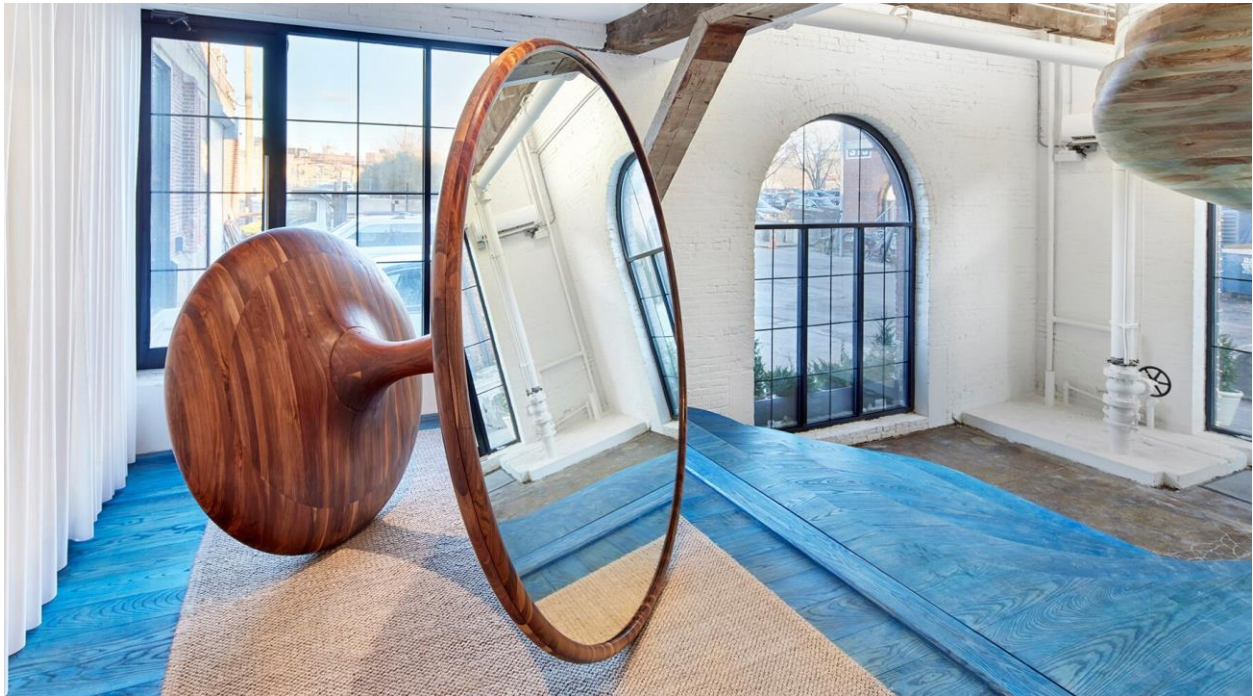

For 2022, the fair welcomes back a highly international mix of exhibitors, many of whom were unable to attend 2021 due to travel restrictions. Eclectic range of works span from European to oceanic fine art and design, while material never seen before is set to be revealed. For the first time since its inception, Salon Art + Design is opening its doors to a gallery from Egypt, Le Lab Atelier, who are showing cutting-edge contemporary Middle Eastern pieces.

'After a highly successful, though smaller, fair in 2021, we look forward to the return of many of the international galleries who were unable to participate because of the pandemic. This year galleries from the UK, France, Sweden and China will return, joined by newcomers from Los Angeles, Texas, Egypt, France and New York. The market for collectible design has remained strong and new works are eagerly sought by collectors, so Salon is excited to showcase new, previously unseen material,' says **Jill Bokor, Executive Director of Salon Art + Design.**

With a strong track record of success in the field, Salon Art + Design is welcoming new exhibitors including Armel Soyer, Boccara Gallery, Galerie Artempo, Galerie Carole Decombe, Galerie SCENE OUVERTE, Galerie Yves Gastou, GARDE, Glen Leroux, Le Lab Atelier and Mindy Solomon Gallery.
